DO YOU REALLY KNOW BARCELONA?

LIVE CULTURAL, SCIENTIFIC AND GASTRONOMIC EXPERIENCES

PRODUCER OF CULTURAL EVENTS

Sternalia Productions SL, was created in 2011 by a group of experts in the production of events , cultural and scientific projects.

We are a producer of activities that aims to present unique spaces created by civil society from ancient times to the present.

Notables and patrons have created libraries, centers of scientific, literary and artistic studies, observatories, art collections, etc, with the objective of promoting cultural and scientific development of citizens.

We want to spread these values that have made culture a differentiating aspect of each country, throughout activities explaining history and significance of the spaces.

SERVICES

CULTURAL AND SCIENTIFIC EVENTS

In Sternalia we do and organize cultural and scientific projects. We design, implement and offer unique experiences in the cultural, scientific and gastronomic field, helping our clients to obtain a nearby event, likewise, striking and interesting.

We want people to experience the event in a positive way, because everything that is learned in a personal experience endures in time.

PRIVATE EVENTS

We also organize all kinds of events for institutions and individuals, in spaces of which we have the concession as in those that fit the needs of the client:

- Corporate dinners
- Launch of new products, brands or promotional activity
- Cinematographic or audiovisual productions
- Weddings
- Photoreports for catalogs
- Meetings or Conferences
- Incentive activities

STRENGTHS

- PROFESSIONALISM AND CREATIVITY
- PRIVACY AND DISCRETION
- CULTURE AND GASTRONOMY
- FLEXIBILITY AND RAPIDITY
- KNOW-HOW, CONCENTRATION AND SOLUTION
- NETWORKING AND EXPERIENCE
- DIVERSITY AND LANGUAGES
- KNOWLEDGE AND TEAMWORK

THE NUMBERS OF STERNALIA

SCHOOLS: MEDICINE GAMES

On this visit to the Royal Academy of Medicine of Catalonia the students will know the history the building through its symbols. We will learn the concept of symbol and surgery knowing some symbols related to medicine. Also, we will review some organs of the human body and some diseases that affect us and, finally, what good habits we can have to maintain good health. The activity is divided into two sections: on one hand we have the guided tour of the building and on the other hand we have a practical part with educative games.

TIME SCHEDULE

The activity lasts 1 hour and has a price of 5 euros per student.
Minimum reservation of 30 students.

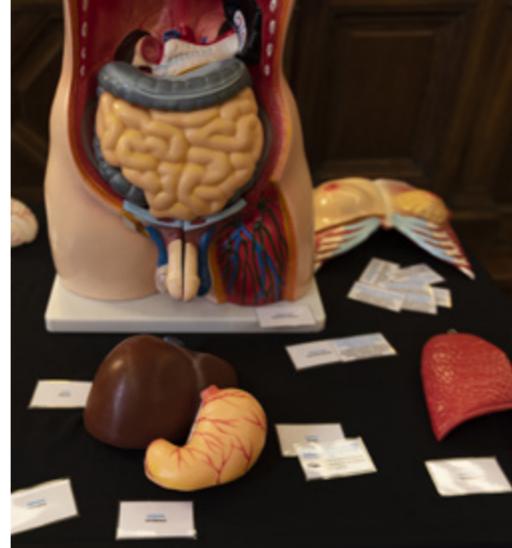

The day and time may vary depending on the reservation request.

SCHOOLS: SURGERY AND ILLUSTRATION

It is a guided tour through the history of this building. The visit incorporates some moments of dramatization in which some of the same students will have to represent four characters.

We will learn to relate local heritage to its historical context, especially with its past in the context of the Enlightenment, and to empathize with historical figures by understanding their way of thinking and seeing the world.

ÓPERA: LA TRAVIATA

La Traviata, the great drama by Giuseppe Verdi based on the novel *The Lady of the Camellias* suffered the rejection and derision of the public in Venice on March 6, 1853, in which it was premiered and is today one of the opera's most represented from the world.

Set in its own time, it bothered and scandalized the public by the libertarian spirit of the protagonist, Violetta Valéry, a luxury prostitute, a discomfort that, for many illustrious viewers, could generate seeing their own faces in the mirror of "La traviata".

OPERA: CARMEN

Carmen is a story of love, passion and death. Don José and Carmen fulfill a destiny that they already sensed or that perhaps was fixed by its character. "If you love me... watch out" are the first words that Carmen says to the famous habanera. With music by Georges Bizet and through the eyes of José Lizarrabengoa, a character in Prosper Merimée's novel, we will review one of the great myths of Hispanic culture: Carmen, the fatal woman.
